

The Car Project - Manual

Full Screen view

The screenshot shows a website for 'The Car Project' with a dark header. The navigation menu includes 'Home', 'Our Services', 'Contact us', 'Finance', and 'Privacy'. Social media icons for Facebook, Twitter, and Google+ are present, along with a phone number '01234 567890'. The main content area features a large landscape image of a winding road. Below this, there are two search filters: 'Find your Car' with dropdowns for 'By Manufacturer' and 'Then Model', and another 'By Manufacturer' filter. A 'Car of the Week' section highlights a red Ford Mondeo GLXi with a 'NEW' badge, showing a price range from £5,299 to £4,999. A 'View Ford Mondeo GLXi' button is provided. A 'Welcome to our site' message and 'Our newest arrivals' section are also visible. A table of opening hours is located in the bottom left corner.

Our opening Hours	
Monday	09:00 - 19:00
Tuesday	09:00 - 19:00

ADMIN Section.

This is the engine of your site, the place you set up your details, the front end collects this data from the database and presents it to the viewer.

Safe to say, the better the quality of your input, the better received your output will be, please take a bit of time to enter all fields with accurate details.

The screenshot displays the administrative interface for 'The Car Project'. On the left is a dark sidebar menu with the following items: 'The Car Project', 'Show Room', 'Home', 'Stock', 'Manufacturers', 'Body Styles', 'Transmission Types', 'Analytics & Social', 'Opening Times', 'Featured Car', 'Edit Home page', 'Finance Offer', 'Services', 'Privacy Page', 'Contact us Page', and 'Contact Developer'. The main content area has a white background and a green 'Toggle Menu' button at the top left. The main heading is 'The Car Project Getting cars sold'. Below this is the question 'Where do you want to go?'. There are three main sections of actions:

- Cars:**
 - List new Car (with a car icon)
 - Action existing Car (with a folder icon)
- Change Settings:**
 - Action existing Manufacturer (with a folder icon)
 - Action existing Body types (with a folder icon)
 - Action Transmission types (with a folder icon)
 - Change Opening times (with a clock icon)
- Change Social and Analytics:**
 - Change Social media links and Analytics. (with a folder icon)
 - Change About us page text. (with a folder icon)
 - Change Contact us text. (with a folder icon)
 - Change privacy page text. (with a folder icon)
 - Change Finance page text. (with a folder icon)

At the bottom, there are two more sections:

- Visitors:** (empty)
- Helpful links:**
 - Bootstrap Site. (with a code icon)

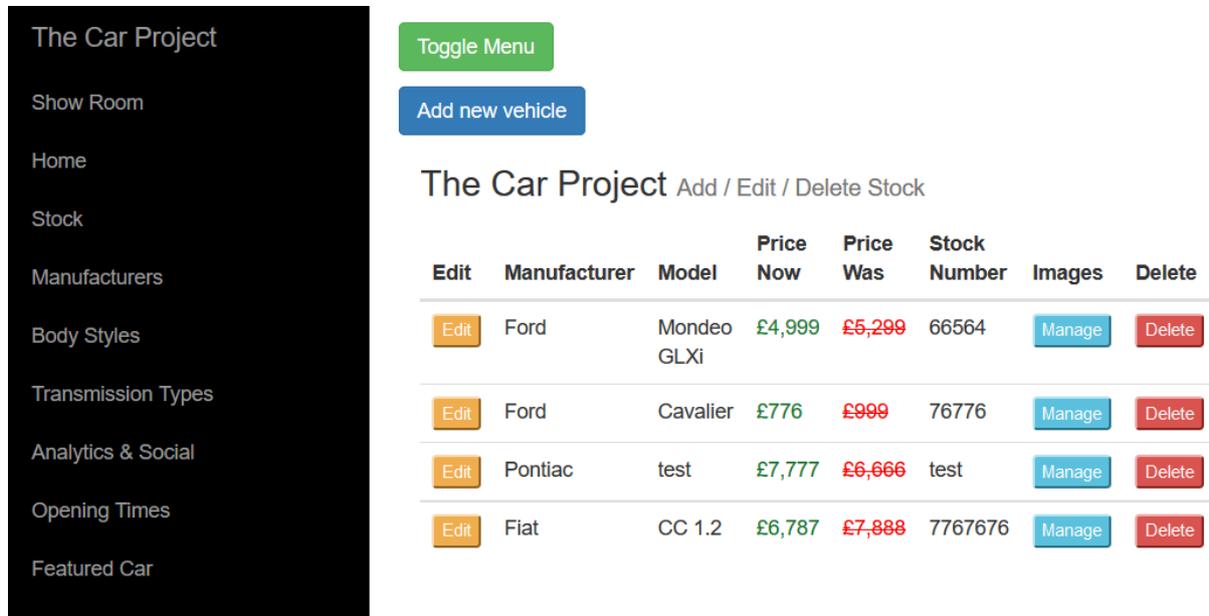

We will work through the Menu as it appears on the admin section.

Show Room, this link will take you through to the front-end site.

Home, clicking this takes you to the Admin home page

Stock,

The screenshot shows the admin interface for 'The Car Project'. On the left is a dark sidebar menu with the following items: The Car Project, Show Room, Home, Stock, Manufacturers, Body Styles, Transmission Types, Analytics & Social, Opening Times, and Featured Car. To the right of the sidebar are two buttons: a green 'Toggle Menu' button and a blue 'Add new vehicle' button. Below these is a table titled 'The Car Project Add / Edit / Delete Stock'. The table has columns for 'Edit', 'Manufacturer', 'Model', 'Price Now', 'Price Was', 'Stock Number', 'Images', and 'Delete'. It contains four rows of vehicle data.

Edit	Manufacturer	Model	Price Now	Price Was	Stock Number	Images	Delete
Edit	Ford	Mondeo GLXi	£4,999	£5,299	66564	Manage	Delete
Edit	Ford	Cavalier	£776	£999	76776	Manage	Delete
Edit	Pontiac	test	£7,777	£6,666	test	Manage	Delete
Edit	Fiat	CC 1.2	£6,787	£7,888	7767676	Manage	Delete

This page is probably the most important, it is where you will set up your vehicles for sale, the initial page lists all cars present in the database and showing live on the site, main points of each item are listed for identification.

The page has options

[Edit](#)

Will allow you to edit the selected vehicle.

[Manage](#)

Allows you to add / delete images for the selected vehicle

[Delete](#)

Deletes the selected vehicle, and associated images.

[Add new vehicle](#)

Let's you add a new vehicle.

The Car Project - Manual

Let's go into more detail on parts of the stock page,

Add new vehicle

Click this to reveal an add stock page

Work your way down through the page adding as much detail as possible, once you have completed it you can click save, don't worry if you do not manage to fill in everything in one go you can edit it later, as soon as you do click save the item will begin to show on the site!

Manage

Once you click it will take you to a page where you can manage your images,

Toggle Menu

Go Back

The Car Project Help for Add / View / Delete images for Ford Mondeo GLXi with stock number 66564
([HELP with this page.](#))

Browse... No files selected.

Add Image(s)

Images relating to the selected Vehicle...

Delete [X]

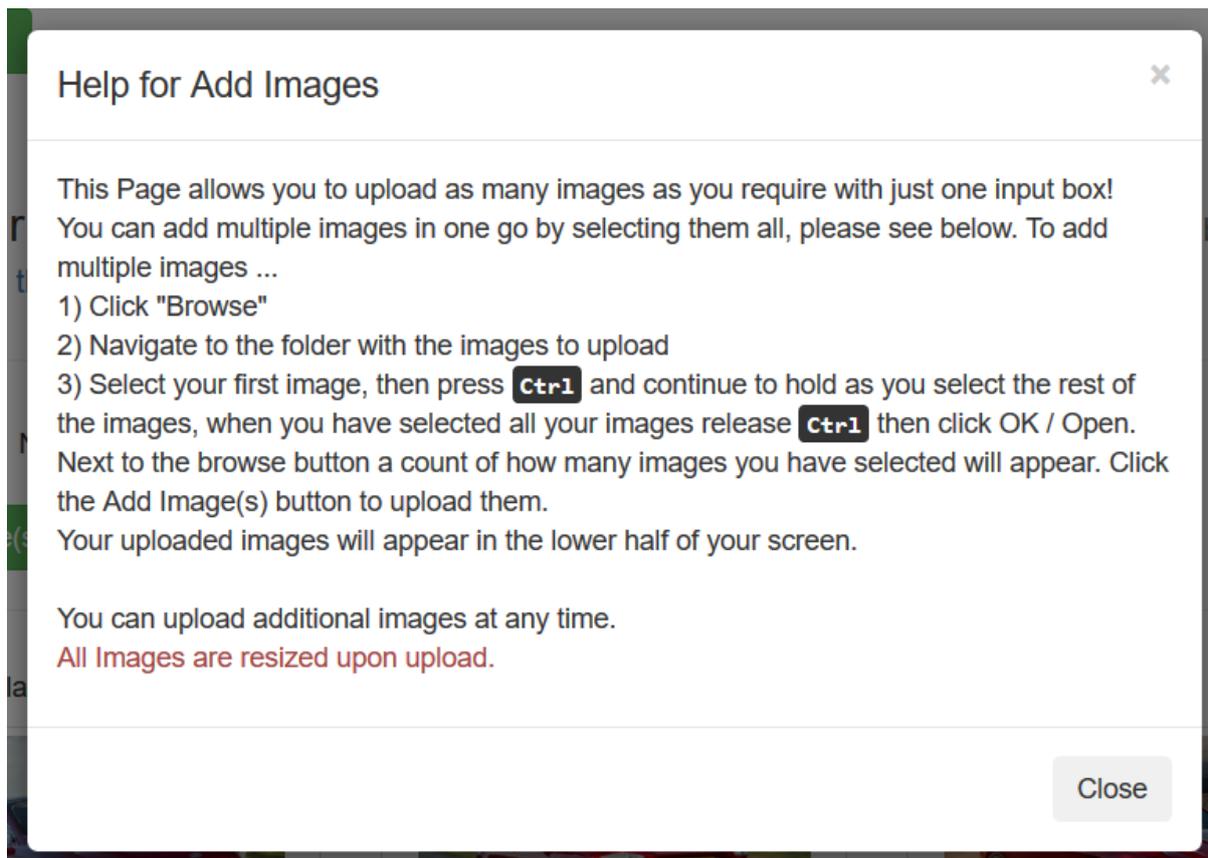

Delete [X]

Delete [X]

You can have as many images per item as you like, add more, or delete images, there is also a help section within this page

The Car Project - Manual

All images over a select size will be intelligently resized, this works on a percentage resize to constrain the aspect of the image.

Images still should be a certain way to resize and still show correctly. The site will resize to approx. 800 wide by 530 high, the intended image should be more rectangle than square 800 x 530 is still higher than the site will use in its info page but this has been found to be the optimum size for resizing, this has two benefits,

1. Shows up nicely on the image popups
2. Reduces the server response time for your visitors

To delete an image simply click delete, the image will disappear in front of your eyes!

The Car Project - Manual

To add images,

Although there is only one box for adding images you can add multiple images in one go by selecting the first image then pressing and holding down the CTRL button whilst selecting more and then upload them all in one go.

Part of the add a new vehicle page includes drop down lists from 3 other menus

- Manufacturers
- Body Styles
- Transmission

Each of these pages are pretty much self-explanatory, if you have a new vehicle from a manufacturer you do not have listed please add it first.

Analytics and Social

Analytics part of this page is where you add your analytics code from Google, or any other software you decide to use, it will then place this code in the correct position on the front of site pages.

Social

In the social part, you add your links for Google plus, Facebook and Twitter.

Opening Times

Set your physical site opening times here, this will then display to your visitors

Featured Car

Set your required vehicle as featured, this will then show on the main site home page.

The Car Project - Manual

Page Edit menu

Unlike other sites where you must open the file and edit it directly, you can set up the text via admin in an editor environment

Index Page Edit the Index (home) page Text

Welcome Text

Welcome to our site.

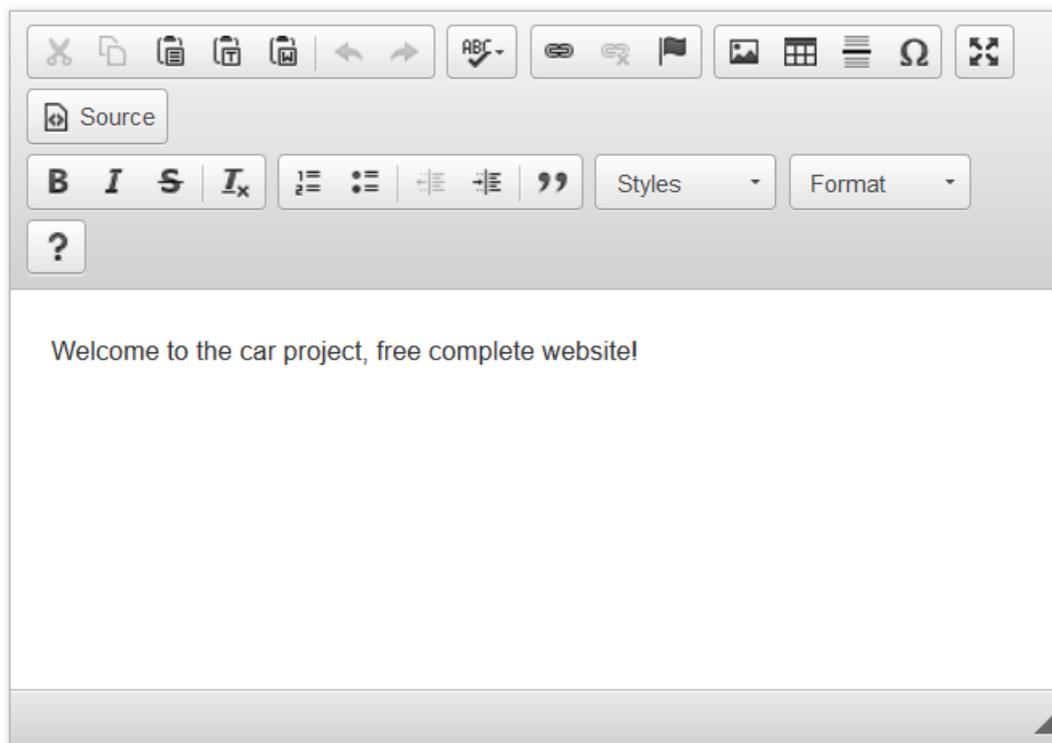

Index SEO Keywords

Index Page Text

The image shows a WYSIWYG editor interface. At the top, there is a toolbar with icons for undo, redo, bold, italic, strikethrough, bulleted list, numbered list, link, unlink, text color, background color, insert image, table, horizontal line, link, and unlink. Below the toolbar is a 'Source' button. The main editing area contains the text 'Welcome to the car project, free complete website!'. At the bottom right of the editor, there is a small triangle icon.

[Edit Home page](#)

The Car Project - Manual

All pages have a similar layout except for the contact us page.

Welcome Text = This shows to viewers on the index page

Index – SEO – Keywords = This is what search engines see, a Key word is a word that might be searched for by a prospective client each word is separated by a comma, and example – home, cars, vehicle, sale, sell and so on

Index – SEO – Description = Like Keywords, this is only seen by search engines, this is a description of the page and its contents, this section is limited to 255 characters (the max accepted by Google)

Index page text = This is what your customers will see, make it worth reading and concise.

It cannot be understated the importance of the SEO sections, this is what the search engines will list you as for that page, the content must also be relevant to the page it is for.

Contact us Page

This has extra sections for your address, email, Telephone, and Google Map Data which will show up around the whole site.

Slider

Here you add or delete slides for the front (index) page
